MEMORANDUM FOR: See Distribution

FROM : Coordinator for Academic Relations, NFAC

SUBJECT : Visit by Professor Fedor Mediansky

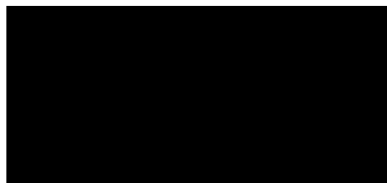

1. Mediansky will pay us a visit on Tuesday, 10 April from 10 to 12. I shall meet him and take him to the conference room in 5G00. He wishes to talk about political and military developments affecting the balance in the Western Pacific (including SEAsia) and Indian Ocean areas and about how our estimative process works.

2. In order that all need not spend the full two hours with our visitor (unless they wish to), I suggest we discuss the Japan-Korea-China triangle first, beginning at 10, and proceed to SEAsia and the Indian Ocean around 11. Our discussion will have to be unclassified.

3. Mediansky will be available for lunch around 12, but has an appointment at the Pentagon at 1:30. In the building he can be accommodated only in the small cafeteria (because he is a non-U.S. citizen).
